**September-December 2013**

# WELCOME TO STUDYING AT LILLEBAELT ACADEMY OF PROFESSIONAL HIGHER EDUCATION IN ODENSE AND VEJLE, DENMARK

Lillebaelt Academy of Professional Higher Education in Odense and Vejle, Denmark is happy to invite you to participate in one of our International Semesters September-December 2013.

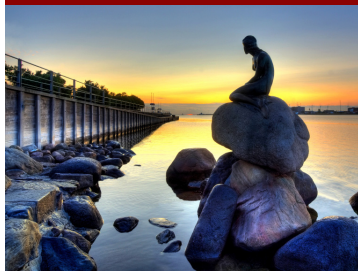

Lillebaelt Academy of Professional Higher Education is a modern, international institution of higher education, and we are the third largest business academy in Denmark. Being a Danish institution we constantly work with innovation and open-mindedness as keys to success for both our students and our academy.

At Lillebaelt Academy of Professional Higher Education we work closely with industry and commerce and we have a strong international profile. Our programmes are based on a combination of theory and practice, and you will throughout your studies enjoy close cooperation with the business world, for example via guest lectures and company visits.

We know that there is more to life than lectures and exams, which is why we find it important that our students have a good social environment. Social activities such as introductory week, team building, events, parties etc. are just some of the things that you can expect as a student at Lillebaelt Academy of Professional Higher Education.

Welcome!

# DENMARK

## - the happiest place in the world

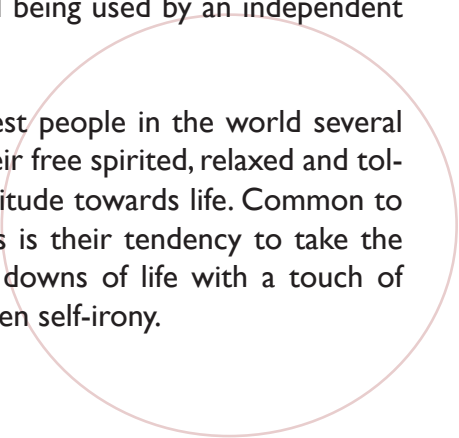

Denmark is located in Northern Europe between the Nordic Sea and the Baltic. Denmark is one of the smallest countries in Europe, when not including the Faroe Islands and Greenland, and has a population of approximately 5.5 million people. The small land area makes it easy to explore the country, as well as neighbouring countries. Denmark is well-known for its flat topography and beautiful nature. The country consists of 7,314 km coastline which means that no one in Denmark lives more than 50 km from the sea.

*“Denmark has a beautiful landscape and people here are proud of their culture and their history”*

Dannebrog, Denmark’s flag, is strongly connected to the country and its people. It is seen all over and used during celebrations and festivities. It is the oldest flag in the world that is still being used by an independent country.

The Danes have been ranked the happiest people in the world several times. Maybe that can be explained by their free spirited, relaxed and tolerant attitude towards life. Common to all Danes is their tendency to take the ups and downs of life with a touch of irony, often self-irony.

*“All I want to say is, go to Denmark, it is a country that you have to visit”*

# ODENSE

Odense is the third largest city in Denmark and has a population of approximately 190.000 people. As one of the oldest cities in Denmark, Odense has a long and exciting history. Odense is probably most famous for being the birth city of the world famous poet and fairytale writer Hans Christian Andersen.

Odense has a lot to offer to the great number of students in the city – over 25,000! Odense is the city in Denmark that has the largest number of students per capita studying in higher educational programmes. You can notice this in the atmosphere and the pulse of the city.

*“People in Odense are very friendly and they are always smiling, so it does not feel like you are in a big city even though you are”*

Odense is a metropolis and cultural centre with museums, theatres and music venues. Throughout the year there are festivals to celebrate music, movie and art. Odense is also a green and lively city with many parks and gardens that are used by the inhabitants during the warm months of the year.

*“The best thing is the culture. There are a lot of museums and other interesting places to visit”*

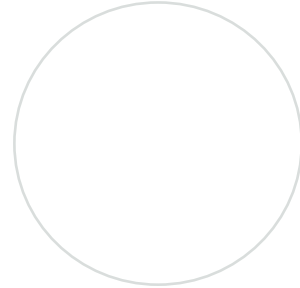

Since Lillebaelt Academy of Professional Higher Education and our student hostel are located only 800 metres from the city centre, you can easily take part in what the city offers.

# VEJLE

Vejle is the ninth largest city in Denmark with more than 50.000 inhabitants. Vejle county has more than 100.000 inhabitants. The city is located approximately 90 kilometres from Odense. Vejle is best known for its nature and the city is beautifully located at the head of Vejle fjord. There are plenty of viewpoints where you can enjoy the fantastic scenery. For those who enjoy fishing, this is the place for catching sea trout, cod and eel.

Since the city is located by the water there are plenty of good beaches to enjoy on a warm summer day. There are also many parks and other areas that are perfect for a picnic.

Denmark's leading architects have left their mark on Vejle's architectural expression. The city center has an exciting and diverse urban feel. Vejle is regionally known as a vibrant shopping town. The main shopping street is 900 meter long and filled with shops. There are also charming side streets with specialty shops. There are also plenty of bars, discos, cafés and restaurants to visit when you need a break from your studies.

If you enjoy live music, you can choose from lunchtime entertainment at the weekend, live music at the pubs, to intimate concerts with some of the best names in jazz and blues organized by the music club Jive.

Vejle also has culture centres that offer concerts, entertainment, performing arts and events.

Logistics Management is offered in Vejle.

# WHAT LILLEBAELT ACADEMY OF PROFESSIONAL HIGHER EDUCATION OFFERS YOU

At Lillebaelt Academy of Professional Higher Education we combine theory and practice. We offer you an international environment where you will study together with our Danish students, as well as other exchange students. This means that you will gain an understanding of not just the finance industry in Denmark, but in other countries as well.

For us it's a matter of course that we work closely with the industry. This means that you will meet guest lecturers from leading Danish financial institutions, as well as international guest lecturers.

In addition to offering you a theoretical and practical education with a clear business perspective, it is important for us to make your stay as comfortable as possible.

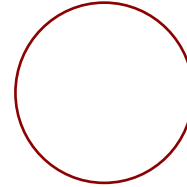

We therefore offer you the following:

- We guarantee you accommodation, most likely in our international student hostel, that is located 600 metres from the college and 800 metres from the city centre
  - It is a furnished room with free internet access
  - You pay the rent and we pay the deposit
  - You may borrow kitchen utensils from us
  - You may borrow compulsory course books from us
-
