Recommendation for admission to Aalborg University

Jakub Růžička finished his Bachelor in International Trade and Marketing at University College Nordjylland, Technology & Business in January 2012.

Jakub Růžička was a dedicated student. He has made a positive impression, both to his fellow students and to his teachers. In group work, he was a disciplined team player who was able to demonstrate coordinating skills when necessary.

The program is international which means that all written and verbal communication is in English. Jakub had no trouble getting on in English, generally, as well as in business English, which was his working language during internship.

Due to the above, we give Jakub our recommendation, and we are confident that he will be an asset to his fellow students as well as for the study environment in general.

Yours sincerely,

Steen Sloth
Ass. Professor
